A Letter From The Most Prominent Kentucky Wheeler.

The Daily Thal Confronts The Wheel. The following letter from Hon. Jas. D. Clardy, of this county, to the editor of the Wheeler's organ at Henryton, explains itself. It will be read with much interest at this time, as Dr. Clardy is now the acknowledged leader of the Wheeler movement in the State.

NEWSTAD, KY., Sept. 4, 1890.

W. G. COLLINS, Esq.—I have your letter of Sept. 2, and beg to state in reply to the references to my candidacy for Congress: I have never been a candidate for Congress. Have never so far as I have been informed been nominated for this position by a "Citizens Party" nor by any other party, and of course have never had the opportunity to "positively" or otherwise decline such nomination. Let the above taken without explanation might be misleading. I wish to state further that I have frequently been communicated with by conversation and by letter on the Congressional matter and have uniformly stated that I would not be a candidate. I have also stated that I was opposed to any third party nomination, or any nomination by our order, "The Farmers and Laborers Union," acting as an independent political party; and for the following reasons:

Newstead, Ky., Sept. 4, 1890.

Dear Sir:—I have your letter of Sept. 2, and beg to state in reply to the references to my candidacy for Congress: I have never been a candidate for Congress. Have never so far as I have been informed been nominated for this position by a "Citizens Party" nor by any other party, and of course have never had the opportunity to "positively" or otherwise decline such nomination. Let the above taken without explanation might be misleading. I wish to state further that I have frequently been communicated with by conversation and by letter on the Congressional matter and have uniformly stated that I would not be a candidate. I have also stated that I was opposed to any third party nomination, or any nomination by our order, "The Farmers and Laborers Union," acting as an independent political party; and for the following reasons:

It was not contemplated in our organization.

2d. The organization being made up of members of all parties and the obligation distinctly stating that the duties imposed would not conflict with religious or political opinions, each member must be left free to act with the party of his own choice.

3d. In my judgment it would prove detrimental to the best interest of the order. Though vigorous, flushed with numbers and full of enthusiasm, as in organization we are still in a formative state, not solidified and not fully agreed as to purposes and methods. We need more education, more information, a more thorough interchange of views and feelings, a more intimate acquaintance with the true causes of agricultural depression and a substantial agreement as to the most available remedies.

We cannot therefore afford to launch out into the untried sea of political adventure. There can be in a country like this but two great national parties. If we would get what we want it must be through the aid of one or the other of these parties. We must decide which is nearest in accord with our views and most likely to aid us in securing needed legislation. As a Democrat and looking from my standpunkt I see no party so available for our aid as the Democratic party. It is the people's party and in perfect accord with many, in fact most, of our purposes. It favors reduction of taxes, the economical administration of the government, free coinage of silver, increase of circulation medium and a free outlet and more extended markets for our surplus products. To cut loose from our present party affiliation is to drive from us many of our best friends even among farmers, who will never consent to the disruption or the Democratic party.

In a third party the order would stand isolated and antagonistic to all other interests. A few local triumphs might be attained but the ultimate result would be failure and the disruption of the grain and vegetable organization. Let us then, able by our present party affiliation, using every honorable means to secure the best men possible for office. Those of us who answer to the Democratic party call may well say it is our party. That farmers and laborers constitute much the larger part of it and have the right and the requisite numbers to make the nomination in the party of consumption. I give it a trial, took in all eight bottles; it has stood me and thank God I am now both free at the H. B. Garner Drug Co. regular size, 50c and \$1.00.

hardly necessary to say that I would oppose against making any nomination for Congress for the next term. Mr. Ellis, who is the only candidate, has made us an able and faithful Representative. He stands substantially upon our platform and surely deserves our good will and endorsement.

What I have said is simply a synopsis of my individual opinion, given with the kindest feelings to all, and with no disposition to inflict others. Still it is the opinion of one who thought much upon these subjects and one who feels deep and abiding interest in the affairs and prosperity of the tillers of the soil and other laboring classes, and who has labored earnestly and faithfully for their good as any man in the State.

Truly and Fraternally,
J. D. CLARDY.

Drunkenness—Liquor Habit.—In all the World there is but One Cure, Dr. Hales' Golden Specific.

It can be taken in a cup of tea or coffee without the knowledge of the person taking it, effecting a speedy and permanent cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been cured who have taken the Golden Specific in their coffee without their knowledge, and to-day believe they quit drinking of their own free will. No harmful effect results from its administration. Cures guaranteed. Send for circular and full particulars. Address in confidence, GOLDEN SPECIFIC CO., 185 Race Street, Cincinnati, Ohio.

THE FIRST SYMPTOMS OF DEATH.

Tired feeling, dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidences of poisoned blood. No matter how it became poisoned it must be purified to avoid death. Dr. Acker's English Blood Elixir has never failed to remove serpentine or syphilisitic poisons. Sold under a positive guarantee.

No Cause for Thanks.

"Did you give the captain a vote for thanks?"

No. Why should we? He didn't run us into an iceberg or strike fastnet."—Chatter.

OUR VERY BEST PEOPLE.

Confin our statement, when we say that Dr. Acker's English Remedy is in every way superior to any and all other preparations for the Throat and Lungs. In Whooping Cough and Croup it is a magic and relieve of all. We offer you a sample bottle free. Remember, this Remedy is sold on a positive guarantee.

CRUELTY OF SELFISHNESS.

Pronounced Hopless, Yet Saved.

From a letter written by Mrs. Ann E. Hurl of Groton, S. D., we quote:

"Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could not live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above.

My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has stood me and thank God I am now a successful issue such measures as we advocate.

After the above statements it is

USEFUL AND SUGGESTIVE.

—Gum camphor will speedily clear the house of cockroaches.

—Great improvement will be found in tea and coffee if they are kept in glass jars instead of the boxes.

—Artificial complexion is sold to be on the increase. Very likely since where they are once adopted the wearer soon has no other to speak of.

—Mashed Sweet Potatoes. Wash the sweet potatoes and boil them till they are tender, then take off the skins and mash them, adding salt, pepper and butter. Put them in a dish in a hot oven for five minutes before serving.—Housekeeper.

—Cream Pie.—Heat four eggs with a teaspoonful of sugar, add half a pound of flour, two tablespooms of flour and a pint of milk; mix well and pour over the pie shell. Add a little cream, a dash of flavor with extract of vanilla. Bake in deep pan lined with rice crust; spoon with Nettie.

—Almond Salad.—Slice a muskmelon, take slices of onion between and cover it closely and keep in a cool place half an hour; remove the onion just before eating, and add pepper, salt a little cayenne and one teaspoonful of vinegar and two of oil; mix all well together and pour over the melon.—Boston Herald.

—With this the lady came out, the mother looking up to see one appealing glances at the gentleman who was to follow her, and who evidently was her companion. But she was met only by a stolid expression of indifference, and subsided into quietude.

At last, when it came the turn of the distractingly looking lady to enter, the distractingly mother, in a moment of despair, anxiety for her baby, which overcame all her natural timidity, took a few quick steps, and with a hurried apology for her boldness, asked if we would not grant her the privilege of taking her turn. For Congress
WILLIAM T. ELLIS,
of Daviss County.

The best thing for the Wheelers to
do is to wheel into line for Ellis.

Congress has passed the anti-lottery
bill, an iron-clad law prohibiting lot-
tery companies from using the United
States mails for any purpose.

Robt. Ray Hamilton, the New
Yorker who figured in a big sensation
last year, was killed last month while
hunting in Montana. His body was
found several days afterwards and
identified.

Remember the primary election on
Sept. 27 and urge upon Democrats to
turn out and vote for Ellis. The
larger the vote the stronger will be the
endorsement of our able and efficient
Congressman.

In to-day's paper will be found
some mighty interesting talk from
Dr. J. D. Clardy, in connection with
the proposed nomination of a candi-
date for Congress by the Farmer's
and Laborers' Union.

All of the white lead companies
have entered into a trust and advanced
the price of lead two cents per pound,
discontinued rebates and withdrawn
all equalizations of freight. Lead
now costs the consumer ten cents per
pound.

The great rivalry between the "Twin
Cities" of Minnesota has at last been
settled by the corrected census. Min-
neapolis has 161,780 and St. Paul
133,301 population. The first named
city wins the contest for metropolitan
superiority by more than 30,000.

Mr. Dunnell, of Minnesota, Chair-
man of the House Committee of the
Eleventh Census, has introduced an
apportionment bill on the basis of one
Representative for each 180,000 popu-
lation. This would provide for a total
representation of 354. Under the
apportionment Alabama, California,
Colorado, Michigan, Missouri, New
Jersey, Oregon, Texas, Washington
and Wisconsin would each gain one
member; Arkansas, Illinois, Kansas
and Pennsylvania each two, and
Minnesota and Nebraska each three. The
only States to lose a Representative
will be Ohio and Virginia, which would
lose one each.

The State of Nevada, which had
population of 62,226 in 1880, now has
but 44,327, a loss of 18,000. This
rotten borough with a population but
little greater than Christian county is
nevertheless a sovereign State with as
much power in the Senate as New
York or Kentucky. Nevada should
be relegated to the territorial stage or
made a county of some adjoining State.
It possesses a vast area of alkali plains and sterile sand hills
and is only inhabitable along the few small
streams and in the mining regions of
the mountains. It produces nothing
worth speaking of but Republican
majorities.

Company B. of the Third Regiment
of State Guards, Owensboro, is so
much disengaged at the partiality
shown the Louisville Legion this year
in the encampment matter that Capt.
S. H. Ford and all of the other
commissioned officers have resigned, and
the company is going to pieces and
will not elect other officers. The
Messenger takes occasion to criticize
the Administration in the following
very pointed language:

"The administration of Gov. Buck-
ner has been a conspicuous success
in every department except that of
the military. There it has been a con-
spicuous failure and it appears that
the further it goes the worse it fares.
The military establishment of the
State is now well-nigh nothing of the
part, and if the present state of af-
fairs rules much longer it will be in a
case of something worse than in-
conceivable desolation."

Peterson's Magazine for October is
on our table. The steel engraving "Be-
fore the Battle" is a very handsome
picture presenting the portraits of
Minna Irving, the popular poetess and
her soldier husband. The fashion-
plate and illustrations, present some
new effective full styles. The needle-
work designs are varied and effective.
The literary part of the number is
excellent, and can only be equalled by
the highest priced periodicals. The
opening story "One October Morning"
is well illustrated and well written.
"Imprisoned Rainbows" by
Louisa Johnson closes a series of in-
teresting articles on precious stones.
"The Watch of the Big Heart Lodge"
by M. C. McClelland is one of the best
stories we have read in a long
while, and "Three Warnings" by Lucy
H. Hooper will fascinate every lover
of the supernatural. "Things Worth
Knowing" and the household depart-
ment are full of interesting and
useful matter. This favorite maga-
zine always grows better and better.

INDICTED.

At 4:15 yesterday afternoon the
Grand Jury returned several indict-
ments against C. M. Brown, O. S.
Brown and John Boyd.

CIRCUIT COURT PROCEEDINGS.

Berry Buckner, col., charged with
malicious striking and wounding, was
found guilty as charged and given
one year in the penitentiary. Buck-
ner had a fusc with another boy while
in a game of base ball several months
ago, and struck him with a base ball
bat inflicting injuries of a serious
nature. He was arrested and tried before
Esquire Davison and sent to the
work house for two months. He served
out the term when the matter was
laid before the grand jury and he was
promptly indicted and the indictment
sustained as above stated.

William Johnson, attempted arson,
was continued until the 20th day of
the term.

The case of Harry Clark, charged
with malicious cutting, comes up for
trial to-day.

Finis Reynolds, carrying a concealed
weapon, was given 10 days in
jail, together with the usual fine—\$2.

Jas. Hughes, grand larceny, crime
reduced to petit larceny, and prisoner
sentenced to hard labor for twelve
months. Hughes was immediately
sent to the work house to serve out
his sentence.

Geo. Robinson, col., for stealing G.
H. Stowe's gold watch, was given 2½
years in the penitentiary, yesterday.

Very few civil cases disposed of
this week.

For many years Mr. B. F. Thompson,
son of Des Moines, Iowa, was severely
afflicted with chronic diarrhoea. He
says: "At times it was very severe;
so much so, that I feared it would end
my life. About seven years ago I
chanced to procure a bottle of Chamberlin's
Colic, Cholera and Diarrhoea Remedy.
It gave me prompt relief, and I believe cured me permanently.
As I now eat or drink without harm
anything I please." I have also used
it for my family with the best results.

CITY COURT NEWS.

Jim Hargraves, restaurant keeper,
gambling, fined \$10 and costs. Debt
atisfied.

Ed Cole, similar offense, dismissed.
Jas. Ratcliffe, col., breach of peace,
fined \$10 and costs paid.

Press Yancey, drunk, fined \$5 and
costs, paid.

Geo. Morris, c. c. d. w., fined \$25
and costs satisfied.

Tom Hudson, an inmate of the
Poor house, drunk, ordered sent back.

Mack Wright, col., breach of peace,
fined \$8.50, reprimanded.

Geo. Coleman, col., same, fined
\$7.50, sent to work house.

Jno. Davis, c. c. d. w., fined \$25.
Sent to work house. Davis was pass-
ing through the city on the cars, en-
route to Mississippi and alighting on
the platform near the depot made
himself so abnoxious that he was or-
dered by the police to get back on the
cars, which he refused to do, and
showing fight was taken to the lock-
up, where he was searched and a pair
of brass knucks found concealed.
Davis was very drunk and had been
creating a disturbance on the cars be-
fore reaching this point.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general
practice of medicine for most 40 years,
and would say that in all my practice
and experience have never seen
preparation that I could prescribe
with such confidence of success
as I can Hall's Catarrh Cure, manu-

CROFTON.

CROFTON, Ky., Sept. 15.—The gang
of thieves who have been the terror to
the merchants here for two years began
their work again Saturday night,
effecting an entrance into the store
of Adams, Boyd & Co., in their favorite
way by boring around the bolt that
fastened the window at the bottom.
The amount of goods stolen cannot
be estimated yet, as the clerk is out
of town. It is very evident that the
work was done by some one who knew
that their clerk, Mr. J. M. Durham,
always went to the country every Sat-
urday night.

Mr. Reece's little son, George, was
playing around him Sunday morning
while he was strapping his razor when
the little boy fell on the razor, cutting
his arm to the bone near the wrist
and severing the radial artery, from
which he lost a great deal of blood before
medical aid could be summoned.

Died, Sunday morning, Sept. 14, Mrs.
Martha Kelly, at the residence of her
father, Mr. O. A. West, Sr., of disease
of the spinal cord. For seven weeks
she had been unable to retain any
nourishment. She leaves a father,
mother, sister and two brothers and a
host of friends to mourn her loss.
To them we extend our condolence,
and would like to have your sympathy
in this bereavement.

A Cure for Paralysis.

Frank Cornelius, of Cincinnati, Ind.,
says: "I induced Mrs. M. P. Pinson,
whose wife had paralysis in May,
to buy a bottle of Chamberlin's Cat-
arrh Cure. It gave her great relief before
she had a doctor to see her. Her face had
been drawn to one side; but the pain
had relieved all pain and soreness,
and the mouth assumed its natural
shape." It is also a certain cure for
rheumatism, lame back, sprains, swellings
and lameness. 50 cents bottles
for sale by Buckner Leavel.

DEATHS.

Mrs. Mary A. Pelham, daughter of R.
E. and Roake, died Saturday after-
noon.

Mr. Frank II. Pelham, of Nashville. She
leaves an infant a few days old. Mrs.
Pelham was in the 28th year of her
age and a member of the Baptist

The Primary September 27.

The primary election set for Sept.
27 will not be called in. This has
been decided upon by the proper au-
thorities. The KENTUCKIAN has not
thought it advisable to hold this elec-
tion since Mr. Givens' withdrawal, but
that is no longer a question for dis-
cussion. The election will be held as
first decreed and it is believed the
Democrats to begin to take steps to
get out a full vote. The fact that Mr.
Ellis is without opposition should not
cause indifference or carelessness, but
let a full vote be polled and the nomi-
nate given the flattering endorse-
ment his good record deserves. Pre-
sent Committee men will at once take
charge of the work of organization
and see that there is no lack of inter-
est in the party ranks.

What Does It Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

The Lecture Course.

The Chautauquas are engaged in completing their list of winter entertainments. Haney, Burdette, Davidson and the Harvard Quartette have already been signed. It is desired that all who will take season tickets will give them this week to John B. Galbreath, so the Committee may know how much money will be at their disposal. If a good number of subscribers is secured the number and quality of the entertainments will be correspondingly increased. The last season was a prosperous one.

Clarksville's Population.

The Leaf-Chronicle of Tuesday contains this explanation of why Clarksville's population is only 4,529:

"Thus it stands. The census enumerators have taken the population of the old city and reported 4,529. This has been sent in as the population, and 3,000 people living in the new territory are not included in the official report. The population of Clarksville is 7,229, and nothing short of that will satisfy her citizens. Unless this report is changed Clarksville will be put down as gaining about 600 souls in ten years, when she has really increased 3,900, or over 100 percent."

Granting that all this is true, the fact remains that the increase in the original city limits is only 600. Of course the added territory represents no actual increase. Now let's make a comparison. In 1880 Clarksville had 3,800 people and Hopkinsville 4,229. Clarksville now has 4,529, an increase of 600 and Hopkinsville has 5,800, an increase of 1,800. Clarksville has suburbs recently annexed with 3,000 people, while Hopkinsville has suburbs, not annexed with equally as many people. We have all along contended that the figures would not sustain the boastful claims of Clarksville's paper. The population of the Clarksville magisterial district in 1880 was 7,313 and of the Hopkinsville district 7,150. They were about equal then, with the advantage slightly in favor of the former. Clarksville has increased 16 per cent. in ten years and Hopkinsville 40 per cent. Now applying the same rates to the districts, Clarksville, including suburban population, has 8,483 and Hopkinsville 10,010. The number of voters in the Hopkinsville district—about 2,000—is evidence that these figures are not too large and taking all the evidence at hand there is no doubt that Hopkinsville, with the commercial advantages against her, has outstripped Clarksville and now has nearly 2,000 more people in and around the city than its neighbor across the border."

CREAM OF NEWS.

Dr. Clardy Snubbed.

President Clay, of the Constitutional Convention, announced his Committee Wednesday. There are 24 of them and all of the more prominent members are given chairmanships excepting Dr. Clardy. The reason assigned for this is that Mr. Clay will be a Farmers' candidate for Governor and wants to keep Dr. Clardy, a probable rival, in the background. The Christian county member is given the second place on Corporations and fourth on Revenue and Taxation.

Python Officers.

The Grand Lodge, K. of P., in session at Bowling Green, elected the following officers: Grand Chancellor, J. W. Pryor; Vice Chancellor, R. B. Andrews; Prelate, D. T. Hamill; Keeper of Records and Seal, Geo. Glendon; Master-at-Arms, R. W. Crabb; Inner Guard, Julian John; Outer Guard, W. T. Weldon; Superintendent, J. W. Carter, of Owensboro, and Edward Atkinson, of Henderson.

Mr. A. D. Rodgers, of Evergreen Lodge, came within one vote of being elected Grand Master-at-Arms.

The Hen Didn't Lay.

The O. V.'s secret meeting Tuesday was held not in New York but in Evansville and the following report shows that we no longer have anything to expect from that company:

"There was a meeting to-day of the directors of the Ohio Valley National, those present being President Kelsey, Secretary and Treasurer Giles, Arthur Carey, of Louisville, and Samuel Brown, of Pittsburgh.

The meeting was secret, and the officials refuse to make its nature known. Rumors are to the effect that a crisis has been reached in the road, and that Eastern parties connected therewith are in a state of revolt, and that startling developments may be looked for in a short time. Officials here deny the stories, but still refuse to make known the nature of to-day's meeting."

Now let us cease to fool with the O. V. any longer, but all pull together for the new position. Will the directors of the local company proceed to act?

Both Legs Cut Off.

Frank Hightlett, a section hand on the L. & N., whose home is at Kelly, Ky., was run over by the 5 a. m. passenger train Tuesday morning at the 7th street crossing and had both legs crushed below the knee. Hightlett had boarded the train at some station above and when the train began to slow up jumped off. He alighted on the slanting ground and his right foot slipped and his toe was caught by the wheel. In being dragged along his head and body were badly bruised and after being thumped along the track for about twenty feet his other leg was caught just below the knee and the whole member crushed into a jelly. This train passed on and Hightlett was not discovered until a colored girl gave notice of the accident. Mr. R. E. Cooper and others soon reached him and he was cared for as speedily as possible. He was taken to Mrs. J. Mitchell's boarding house, where Drs. Blakey and Stiles amputated the limbs, the right leg at the ankle and left below the knee.

Hightlett is about 30 years old and has a wife and several children. At last account yesterday he was getting along well and will most likely recover.

Mysteriously Brained.

Joe Vaughan, col., was found dead on the railroad near Casyk soon after the noon freight passed Tuesday. The only wound was a hole in the top of his head, from which the brains were oozing. The scalp was cut and the skull crushed around the hole. The first theory was that Vaughan was killed by the cars, but the fact that there was a hole in the top of his hat corresponding to the wound on his head excited suspicion and Bill Callis and Isham Jackson, both colored, were arrested Wednesday on suspicion, as they were seen leaving the vicinity just before the body was found. They were tried before Judge Brown yesterday and released for want of evidence, but the Grand Jury is investigating the affair further.

Vaughan lived in Hubbardsville and had been in Alabama at work. He returned at 10 o'clock and the check punched to Hopkiville was still in his hat. He got off at Casyk and after remaining about the station started towards town. When found he had \$17 in his pocket and a half-eaten pear was lying by him. This is against the theory that he was murdered over a game of cards. The affair seems to be deeply involved in mystery.

Vaughan was about thirty-five years old and had a family.

Progress.

It is very important in this age of vast material progress that a remedy pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Card of Thanks.

Mr. and Mrs. R. Roake, parents of Mrs. Mary A. Pelham, and Mr. E. II. Pelham, her husband, desire to return their thanks to the many friends who rendered such kind services and showed so many courteous attentions upon the occasion of her death on the 13th inst. Especial thanks are also returned for the many handsome floral offerings from sympathizing friends.

MATRIMONIAL.

FORGY—GARNETT.

Pembroke had an elopement the first of the week with some features not only romantic but rather on the sensational order. Will E. Forgy, a 19-year-old son of Rev. S. P. Forgy, and Miss Fannie Garnett, daughter of Mr. W. W. Garnett, a pretty and popular young lady and an only child, were the principals. Miss Garnett returned from Louisville Saturday night, to which place she had gone to purchase a wedding outfit. She was making preparations to be married to a gentleman in Winchester, Tenn., about the middle of October. Her approaching marriage was approved by her father and the unexpected elopement of the soon-to-be bride with another sweetheart on Sunday fell upon the little town like a thunderbolt from a cloudless sky. Early that afternoon Mr. Forgy called in a buggy and the couple left to go to see Miss Jones, who was also arranging to marry in a few days. This was not an unusual occurrence and aroused no suspicion and the news that the young people had driven straight to Clarksville and had been married by Dr. Sears was received by Mr. Garnett with great surprise and pronounced displeasure. He declined to forgive his daughter and the newly married couple remained in Clarksville two or three days and then went to Elkhorn where they are at present making a visit to the groom's brother, Mr. W. L. Fortson.
